MESSAGE FROM THE FOUNDER & CEO OF EXOTIC VOYAGES

"A very warm welcome, and thank you for your desire to learn more about Exotic Voyages. It is our great honour to share more with you about what makes our company exceptional.

Exotic Voyages was established in 2010. Ever since its inception, it has maintained its core value of putting clients first. By providing top-notch service and taking a personal, bespoke approach to arranging tours, we have achieved a 98% satisfaction rating from clients from all over the world.

As a luxury boutique travel company, our goal is to provide people with amazing trips not just to iconic destinations, but also to locations they may never have heard of. These off-the-beat en-path destinations offer unique experiences, allowing our customers to create magical memories. We work closely with each of your clients as an individual to understand their travel ideals; that way we can handcraft the perfect custom trip. We want to let each client decide, 'This is it. This is the trip I want.'

'Every great journey begins with a single step' perfectly represents our core philosophy. Your client's traveling goals begin with that single step, and we are here to help them take it. Our greatest passion is to put our hearts, minds and souls into providing the highest possible standard of quality.

That standard goes into every single element of your client's trip, no matter how small-after all, every single step of the journey counts. Every thread is woven into the same tapestry-accommodations, transportation, tours and activities, dining and more. By taking this approach, we can provide your clients with extraordinary experiences in peerless comfort and style, with value and expertise."

OUR REPUTATION IN PUBLICATION

Villa Hopping Through Phuket, Thailand James Bond Style

"My mission was to experience the modern-day locations from the iconic James Bond film "The Man with the Golden Gun" all with the help of the amazing Exotic Voyages. This is one of the few luxury travel companies that you can trust will deliver private and customized tours to destinations in Asia. They are experienced in organizing extraordinary journeys that are memorable and authentic."

You Can Now Follow in Anthony Bourdain's Footsteps in Vietnam With Trip Dedicated to His Legacy

"There is no better place to entertain the leader of the free world, in my opinion, than one of these classic, funky, family-run noodle shops you find all over Hanoi," Bourdain said during the episode. "Dinner and a beer cost about \$6. I'm guessing the president doesn't get a lot of state dinners like this."

5 Reasons Why You Should Visit Vietnam

"With wild mountainous regions, modern cities, the lushest, greenest jungles, and mile upon mile of stunning coastline, geographically you just couldn't ask for much more than stunning Vietnam... Since there are a lot of amazing places to visit, an option you can look into is getting yourself a customizable Vietnam tour package from Exotic Voyages."

With our huge and ever-expanding network of insightful, talented guides across Asia, travelers will be wowed and inspired by the authentic local flavor we bring to every tour that we craft. TRANSPORT

The client's safety is our primary concern at all times. So when it comes to providing transportation, we have every single vehicle checked over thoroughly to make sure it is in optimal working condition. Comfort and luxury are also at the forefront of our minds because we know that how travelers move through the world changes how they see it.

Besides luxury cars, helicopters, and airplanes as well as cruises in boats, travelers looking for more unique experiences can discover local transportation such as horse carts, tuk-tuk, kayaks, and paddle boats depending on each place they visit. Here at Exotic Voyages, we truly believe "it is the journey, not just the destination."
